

Board Director Chair Column

Dear Alumni and Friends,

I am greatly honored to have this wonderful opportunity to serve NAJUA and to work closely with Executive team. Being one of the first many joined NAJUA, I witness and experience the birth and fast growth of our association. Ever since its debut, NAJUA is intended as a vehicle not only to strength the connections among our alumni and friends, but also to offer a platform for building up professional relationship and business partnership. No matter who you are, you can find what you need in NAJUA. NAJUA is distinctive in nourishing its members through versatile channels. Being a professional, you will be amazed by such a huge networking of industrial and academic community, and you will never be disappointed if you were to look for either long-lost college classmates or business opportunities. Being a student, there will not be a second chance for you to dive directly into the professional world, to get oriented with career direction, and even to get your skills/mind sharpened by teaming up with professionals to serve the association.

We are in the beginning stages but have already made an impact which is reflected by our growing influence and participation at IFT annual meeting. Of course, with more members there will be more networking, and the more valuable our association will become. So come to build and to enjoy your networking in NAJUA, let your friendship circle grow, let your career grow, and let NAJUA grow.

Liuming Zhou
Chair of the Board of Directors, 2009-2010

President Column

It is a tremendous honor to be elected to President of NAJUA. I would like to take the opportunity to thank all for your trust and confidence placed in me. I especially wish to thank Dr. Huan Xia for her dedication to the editing and publication of NAJUA's newsletters. Looking back the past four years, I have seen our association steadily grow and thrive, becoming increasingly recognized as a professional and friendship organization by not only alumni of Jiangnan University but also our friends and colleagues across different fields. I know it will be a great challenge to continue the success the previous leadership teams have richly built and to meet the expectation that our members have upon the current leadership team.

For the year 2009-2010, I would like the executive team (ET) to start working on a couple of issues. I know there are other tasks too that we must perform, for example, fund raising, scholarships, and website maintenance. Your thoughts and suggestions are welcome and appreciated.

Membership

The stability of membership defines the sustainability of the association. It is important that not only do we count on our existing members to renew the membership, we must make every effort to invite more alumni and friends to join our association. In particular, I would like to have more students and non-JU alumni joining the association to increase the diversity and representation. As the Bylaw states, NAJUA is an inclusive organization; any individual who is interested in advancing the mission of NAJUA and

abides the Bylaw is welcome to become a member. I ask you all to please help by introducing NAJUA to your friends who might be interested. I think VPs from different regions and university faculty are in a unique position to recruit new members. Many current faculty members at Jiangnan University have studied and worked in the U.S. and Canada; we need to invite them to join NAJUA as well. I am pleased and grateful that Xinyu Shen, Student Rep and an Executive Team member, will take the charge of membership affair. When you renew your membership or join the association as a new member, please send you application with dues to her.

Networking

This is an area we could strengthen. Many of our current members hold leadership positions in companies, academia, and regulatory agencies. At the same time, we have many younger members, including students who are approaching graduation. As a distinct benefit of joining the membership, NAJUA provides a platform for fostering networking of its members. Our association has 6 regional sections, each serving as a unique venue for members to interact. Please use the membership directory to identify potential collaborators, being business partners, clients, or future employers. I especially want to encourage student members to get more involved. If you have questions or suggestions, please let any member of the ET or BD know. Tell us what we can do, or what you could help with, to make members' connections stronger and interactions more effective.

Youling Xiong
President, 2009-2010

News

1. The 4th Annual NAJUA Meeting during IFT meeting

The annual general assembly of NAJUA was held in Los Angeles on June 7, 2009, in conjunction with the IFT meeting. The gathering at the assembly included over 60 alumni, friends and guests of JU at the Ten Ten Seafood Restaurant. Before the banquet, Dr. Steve Cui (President) and Dr. Zihua Ao (Treasurer) gave a report on the current status of the association, including budget and membership. As usual, the meeting provided an excellent opportunity for members, old or newly joined, to network. Many at the banquet were first time attendees. Please see the attached photos that highlight the evening.

The association's annual meeting completed the final election for the new Board Directors and several new Executive Team officers. The newly elected board directors are: Dr. Liuming Zhou and Dr. Hongda Chen, who each will serve a 3-year term. The new officers elected are: Dr. Gary Hou (President-Elect) and Xinyu Shen (Student Representative). Dr. Huan Xia and Zihua Ao were subsequently reappointed to serve as Secretary (2 years) and Treasurer (2 years), respectively, by the incoming president Dr. Youling Xiong, as per the Bylaw. The 2009-2010 Board of Directors and the Executive Team are listed in this newsletter and published on the NAJUA web page (to be updated).

3. Meeting with Top Management Team of Jiangnan University at UC Davis Aug 4-6, 2009

The 8th International Conference of Food Science and Technology, jointly organized by Jiangnan University and University at Davis, was held between August 4-6 at Davis, CA. A delegation of about 50 members from Jiangnan University, led by President Jian Chen, Bo Jiang (Deputy Director of National Key Laboratory and VP of NAJUA) and Hao Zhang (Dean of School of Food Science), attended the conference. Chao Wu and Liuming Zhou joined the conference and met with top management team of Jiangnan University. On behalf of NAJUA, Bo Jiang, Chao Wu and Liumin Zhou partially sponsored a gathering dinner attended by Jiangnan University Food Technology delegation team and mid management training team at Davis. Gathering pictures are attached.

4. NAJUA alumni and friends gathered at the 2009 AACC International Annual Meeting in Baltimore

During this year's AACC International Annual Meeting in Baltimore, about a dozen NAJUA alumni and friends gathered together and had a dinner in a famous Chinese restaurant outside of Baltimore. The dinner party was joined by more than a dozen alumni and friends of a few other Chinese universities, notably Henan University of Technology (formerly known as Zhengzhou Grain College).

This was the first time that alumni and friends of both universities organized this joint event. There were active interactions and communications among participants. Dr. Zhengbiao Gu, Director of Human Resource Department and Professor of Food Science and Technology in Jiangnan University was present. Dr. Gu is currently a visiting professor at Kansas State university.

We'd like to thank a couple of local Chinese friends who organized the logistics of the event. We also express our deep appreciation to our alumni and friends who sponsored the dinner. Dr. Gary Hou, NAJUA President-Elect, Dr. Ansui Xu, Central-North VP, Dr. Huan Xia, Secretary, and Ms. Xinyu Shen, Student Rep were present at the party. Gathering pictures are attached.

5. NAJUA Scholarship program

Two NAJUA scholarships (江南大学北美校友会创新奖学金), each carrying 3,000 RMB, were created in 2009. Students entering junior and senior years and enrolled in Jiangnan University are eligible to apply. The scholarships are awarded to students who demonstrate exceptional academic excellences, which include, but are not limited to, excellent course work, scholarly creativity, leadership, and relevant extracurricular activity. The scholarship application form and the guidelines are attached in this newsletter and published on the NAJUA website.

In June 2009, Youling Xiong on behalf of NAJUA presented the 6,000 RMB and the application form to JU. The Development Office led by Director Lu Wumei at JU was designated to handle the transaction of the applications. By October 1, 2009, six outstanding applications had been received: three from the School of Food Science and three from the School of Biotechnology. These applications were forwarded through e-mail to NAJUA. Youling as President appointed a 5-member review committee (Drs. Huan Xia, Feng Chen, Shu Chen, Fang Zhong, Youling Xiong) to review and select the top two applicants. The committee was extremely impressed with the high quality of the applications. Through separate evaluation by individual committee members, a nearly unanimous ranking, according to the scholarship criteria, was reached. Mr. Pan, Kang 潘康 and Ms. Wang, Liyun 王丽云 were identified to be the top applicants to receive the two scholarships. The input from the Board of Directors and the Executive Committee was sought. It was agreed that in addition to conferring monetary awards to the top two students, NAJUA will present certificates of merit (or plaques, whichever fits the custom of JU)

to the rest four students to recognize their academic excellence. At the joint BD/ET meeting on October 10, 2009, suggestions were brought up to revise the scholarship award system to one that separates the 1st from the 2nd and the 3rd, etc. on scaled award levels to allow greater flexibility to give monetary awards to more qualified students. The ET will work on the revision, which will be presented to BD for approval and adoption.
